      (1) Intellectually - keep him advised of the impact of the battle on troops to help him focus his intent and see the results.

      (2) Emotionally - avoid ultimatums or demands, instead recommend and encourage. Pastor, don't pester. Be convincing in opposition not contentious.

      (3) Spiritually - determine the commander's spiritual resource and feed it. Create your own spiritual plan to support the Command and the C.O. specifically. God has saved a Kingdom because of His prophets and in spite of its kings.
